

POWDER BROWS BASIC COURSE

What are powder brows, and who are they suitable for?

The explanation is simple: The client's face is the painting; their brows are the frame. This also quickly makes it clear why having perfectly sculpted brows is so important and why perfect powder brows are more than just a trend. Here, too, it is important to maintain a completely natural look and still achieve impressive results with the perfect brows.

Who is this course suitable for?

Beginners or the moderately advanced

Duration

You will receive a total of six months of online support via the Craft Master app. On average, participants take around two to three months, depending on how intensively they learn.

On completion

PowderBrows Artist

PhiAcademy certificate with your name on it and a personalized logo; listing on the Phi World Map, which shows all certified Artists. You will also have the opportunity to advance within the PhiAcademy from Artist to Royal Artist, Master Assistant, and so on.

Content and scope

In this training course, students learn how to use colors correctly and how to create extravagant shading effects for striking results. After all, the 1990s trend for thin eyebrow styles is well and truly over. The current trend favors the exact opposite.
